

The VALUE of Driving a Mary Kay Career Car!

Examples use an average four year car loan, and an average car insurance payment for the car value.

Monthly Payment Savings:

Chevy Malibu \$375 x 48 mos = \$18,000 + \$3,200 approx ins = \$21,200

Camry/Equinox \$500 x 48 mos = \$24,000 + \$3,400 approx ins = \$27,400

Cadillac \$900 x 48 mos = \$43,200 + \$3,600 approx ins = \$46,800

There are over \$120,000,000 in the FREE Chevy Malibu, Chevy Equinox, and Cadillac being driven by successful Mary Kay Consultants & Directors today.

Each of these thousands of women are saving thousands of dollars for themselves and their families. **This is what could be done with the savings:**

Chevy Malibu LS = approx \$21,200 Value

1. College education for two years
2. Family vacations for several years
3. A nice down payment on a home
4. A nice retirement investment

Toyota Camry or Chevy Equinox = approx \$27,400 Value

1. College education for three years
2. Family vacations every year
3. A substantial down payment on a home
4. A substantial retirement investment
