

Plastic Surgeon's View: **Mary Kay is the BEST in skin care bar none!!!**

This is great information from NSD Bett Vernon via voicecom that she received @ Houston Leadership Conference. She & her Area Directors attended Area Day with NSD Cindy Williams. Cindy invited a plastic surgeon from the Houston area to speak about our products. He is a Harvard graduate, former scientist with NASA, and has artificially reproduced the dermis (a layer of skin). He is now a world renowned plastic surgeon and his wife is a Mary Kay Sales Director. When he first discovered Mary Kay products, he told his wife "she had better become a Consultant or find someone as wonderful as she so he could refer his patients to her".

His findings were: **Mary Kay is the BEST in skin care bar none!!!**

1. **Only** comprehensive anti-aging skin care regimen program on the market for men
2. **Only** comprehensive anti-aging skin care program on the market for women
3. **Only** evidence based medical research on skin care using random people versus science & using test panels
4. TimeWise Moisturizer **is the only moisturizer** with **8** different moisturizers and **8** different amino acids (Vitamin E, antioxidants, etc)

Daily skin care regimen he recommends:

MORNING:

TimeWise 3-in-1 Cleanser

Micro-Dermabrasion (use at least 1x per week and can be used daily if oily)

Day Solution

Even Complexion Essence - also use on throat, chest and hands

Eye Revitalizer (optional)

Eye Firming Cream - also use on throat and hands

TimeWise Moisturizer

NIGHT:

Same except, Night Solution in place of Day Solution

Use either Intense Moisturizer or Oil Free Hydrating Gel after TimeWise Moisturizer
